

Powering Global Events with Scalable Turnkey Solutions

ABOUT US

AGM BY ALFARES INTL. (Alfares Global Management Services L.L.C.) is a specialized management company delivering turnkey temporary infrastructure, overlay solutions, technical and operational management for major global events.

Our expertise spans Sports, Expos, Entertainment, Government, Cultural and other large-scale international events. Combining the agile responsiveness of a dedicated overlay firm with decades of industrial heritage, AGM transforms demanding event master plans into seamless, world-class operational realities.

BACKED BY ALFARES INTERNATIONAL GROUP

Leveraging Alfares International's 48+ years of industrial heritage and manufacturing prowess, AGM was established to mobilize complex infrastructure projects and major events worldwide. Supported by the group's established footprint across the UAE, Saudi Arabia, Qatar, Oman, Jordan, and Morocco, AGM bridges global event standards with massive regional delivery power.

48+ YEARS

Decades of engineering heritage and temporary infrastructure expertise.

2.8 M SQ.FT.

Centralized manufacturing, fabrication, and inventory storage capacity.

1,200+ PROFESSIONALS

In-house project managers, architects, designers structural engineers, and technical site crew.

6 REGIONAL HUBS

Active entities across UAE, Saudi Arabia, Qatar, Oman, Jordan, & Morocco

OUR CAPABILITIES

TEMPORARY STRUCTURES & BUILDINGS

Modular clear-span structures, tents, custom aluminum and steel buildings, rapid deployment cabins, specialized hydraulic broadcast cabins, hospitality chalets, back-of-house storage and special projects.

GRANDSTANDS & SPECTATOR SEATING

Demountable tiered spectator seats and stands, VIP luxury padded seating, media commentator positions and tribunes, scaffolding and accessible viewing & camera platforms.

TEMPORARY ACCESS, FENCING & CONTAINMENT

Pedestrian and heavy-duty access trackways, anti-climb high-security fencing, pedestrian crowd-control fencing and barricades, site lighting, turnstiles, and cable containment systems.

SANITARY & UTILITY INFRASTRUCTURE

Modular luxury vacuum restroom suites, self-contained sanitary trailers, fresh water distribution networks, temporary plumbing, and site waste management systems.

FIT-OUT, BRANDING & SPATIAL OVERLAY

Turnkey VIP lounge fit-outs, exhibition equipment, interior build-outs, custom pavilions, furniture, back-of-house operational compounds, signage towers, flagpoles, event wayfinding structures, and Look of the Games.

TECHNICAL SYSTEMS & ENGINEERING

Integrated temporary engineering solutions for complex events, combining structural rigging, broadcast lighting, temporary power, HVAC, climate control, and environmental conditioning. Our engineering approach delivers safe, resilient, and fully coordinated temporary infrastructure.

Turn Your Event Master Plan Into Reality

Connect with our overlay and infrastructure specialists to discuss your upcoming project requirements, master planning, or RFP submissions.
